Memo to licensed medical doctor

To certify that an applicant is physically fit to safely compete or participate in a boxing, martial arts, or wrestling contest they must:

- be in excellent health at the time of this physical.
- have all required blood and urinalysis test results completed.
- meet the vision requirements on page 3 of this form.
- meet or exceed the minimum standard limits listed on page 4 of this form.
- not have any disease or condition that would be detrimental to their own health and safety or the health and safety of other participants or the general public.
- have negative results for HIV/HEP B Surface Antigen/HEP C (boxing, martial arts, and wrestling participants only).
- have an EKG and MRI of the brain if 37 years of age or older or have had 6 or more losses in a row

| contact lenses. <input type="checkbox"/> Yes <input type="checkbox"/> No | |

No one should present himself/herself for a physical or apply for a license who has any physical impairment which limits his/her ability, or any dangerous communicable diseases or any disease of the vital organs, whether acute or chronic.

Do you have any other information concerning your health, past or present,
which is not covered by the above questions? ☐ Yes ☐ No
If "Yes," describe fully:

Are you taking any medication or drugs? ☐ Yes ☐ No
If "Yes," name, address, phone number of prescribing physician, name of medication:

How many knockouts have you suffered? _____ Date of last KO _____

Longest duration of unconsciousness _____

Length of time before resuming boxing after last KO _____

Have you ever been knocked unconscious in any other sport or activity? ☐ Yes ☐ No

Do you have 6 or more loses in a row? ☐ Yes ☐ No

Applicant name _____

Vision Requirements

The Department of Licensing shall deny, suspend or revoke a license if it determines that the applicant or licensee cannot safely engage in activities because of a visual condition, including but not limited to one of the following:

1. Uncorrected visual acuity of less than 20/100 in either eye.
2. Corrected visual acuity of less than 20/60 in either eye (amblyopia), regardless of its cause.
3. A cataract in either eye which reduces vision to 20/40 or less.
4. Presence or history of retinal detachment or retinal tear (excluding choroidal tear), whether or not such condition has been treated.
5. Presence of primary glaucoma, whether or not such condition has been treated.
6. Presence of aphakia, pseudophakia or dislocated lens in either eye.

Applicants with the following conditions may be licensed if he/she presents satisfactory written evidence from an ophthalmologist stating that the person can safely engage in activities. The written evidence shall specifically address the problem, the effect if any, that participation may have on the problem, and the frequency of subsequent examinations.

- a. Cataract in either eye and corrected vision is better than 20/40 or less.
- b. Ocular pathology of any kind which is self-limiting or treatable and which generally results in a return to normal ocular function.
- c. Any other visual condition which the Department determines would prevent the applicant or licensee from safely engaging in activities.
