

Commercial Driver's License (CDL) Waivers Annual Report

DECEMBER 2023

CDL Waivers

[RCW 46.25.060\(2\)\(a\)](#) requires the Department of Licensing to send an annual report to the House and Senate Transportation Committees and the Joint Committee on Veterans' and Military Affairs of the Legislature on the number and types of waivers granted to current and former military service members who meet the requirements of [49 C.F.R Sec. 383.77](#). For qualifying current and former military service members, RCW 46.25.060(2)(a) allows the department to waive the skills examination, the requirement for completion of a course of instruction in the operation of a commercial motor vehicle, and the knowledge test.

Qualifying Experience under 49 C.F.R Sec. 383.77

Service members who drove trucks in the military may be eligible to get a commercial driver license (CDL) without having to meet training requirements or needing to take a knowledge and skills test.

To qualify for a waiver, current and former military service members must:

- Have 2 or more years' experience driving commercial vehicles as part of their military job,
- meet all requirements on the Application for Military Skills Test Waiver, and
- be currently active **or** within 12 months of an honorable discharge.

Waiver Application Process

When applying for a CDL, applicants can submit a [Military CDL Knowledge Test or Knowledge and Skills Test Waiver Application form](#) to a Licensing Services Office (LSO), or by mailing it to the department. The department's website includes instructions on how to apply, and who qualifies, for these waivers on the [Military experience waiver](#) page.
