

NEW SECTION

WAC 308-104-028 Early termination of a suspension. When the department receives proof that a person has successfully completed a safe driving course, the department will:

(1) Determine whether the person who completed a safe driving course has one or more pending or existing suspensions due to an accumulation of traffic infractions.

(2) Terminate the most recently added pending or existing suspension on the person's driving record, so long as no pending or existing suspension was terminated within the last five years.

(3) Not impose relicensing requirements if a person only has a pending suspension.
